

Vote for acacia clash- for student association vice president

Hi, my name is Acacia clash I've been at for the 2 years and I done level 5&6 hospitality and I am now in my 1st year of sports and fitness level 5 at Dumfries and Galloway college This year I was lucky enough to be both chosen for class and lead rep which has helped me create positive relationships with both staff and students and if I was lucky to become vice president I would be able to further my connections with students and staff around the college

Why you should vote for me

I am a good listener, and I will take on board students views and make sure that they are heard

I believe that students health and wellbeing is a very important and should be looked after

I believe that everyone should be treated equally and no matter their age, religions, gender sexuality orientation and disability

I believe that students should be able to flourish and not be put down in any shape or form

I have attended every class and lead rep meeting which has given me confidence when talking with lectures and other reps about

students views and ideas

Vote acacia clash for vice president for office next year and your opinions and views will be heard
